

Oklahoma Tornadoes Kill 3, Injure Many

Storms Do Much Damage To Property

Canton, Okla., March 30—(AP)—Tornadoes hit five times in northwest Oklahoma before dawn today, killed three persons, injured a score and did property damage which may amount to a million dollars.

The death toll rose to three this afternoon when Mrs. C. W. Godfrey, about 80, died in an Oklahoma hospital.

Her home was in Canton, a town of 1,200, and the first one struck Twisters also struck Longdale, 400; Blackwell, 12,000, and two rural areas—one near Enid and another near Medford.

Twelve-year-old Larry Arnold was killed in Longdale. Charles Stowers, 32, died in Canton.

Thirteen were injured in the Canton-Longdale area; nearly a dozen in Blackwell.

Alvin Adams, president of the Canton Chamber of Commerce, and Dr. C. L. Rogers, mayor of the town, estimated the damage there at \$750,000.

Firemen and police in Blackwell, after surveying, the wrecked homes, estimated damage would range from \$100,000 to \$500,000.

Damage in Longdale was estimated at \$50,000.

Charles Hink, owner of a flying service near Enid, reported the tornado damaged ten planes at an estimated value of \$20,000. Farmers in the region reported damage to windmills and barns.

And no estimate was available of the damage to a rural school and barns and outbuildings southeast of Medford.

Business Buildings Hit
All parts of Canton felt the force of the storm but the northwest residential section was hardest hit. Nearly every business building was damaged to some extent.

All the damage in Blackwell was to homes and a school building. Disaster relief workers reported they had no housing problem. Neighbors took in the homeless; meals were served in cafes. The injured were taken to hospitals in nearby towns.

The Arnold boy was killed as he slept beside his mother. He was crushed by a falling brick wall.

His mother, Mrs. Ann Arnold, was taken to an Enid hospital.

The other person killed—Stowers—was in his frame home which was crushed. It was the first house hit in Canton.

Two others in the house—his wife, about 30, and her mother, Mrs. Walter Harper, 60—were injured.

Two persons were injured slightly and several buildings were leveled by a tornado which struck three farms 20 miles southeast of Winfield, Kans., during the night.

Today's twisters came as the southwest recovered from week-end tornadoes that left 80 persons dead in six states—Oklahoma, Texas, Tennessee, Kentucky, Mississippi and Arkansas.

An estimated 200 persons were injured in the tornadoes that started Friday night. Hundreds were left homeless.

Jury Hears That Reds Caused War Workers To Strike

New York, March 30—(AP)—The communist conspiracy trial jury was told today that U. S. communist leaders were responsible for a 1941 strike at the Milwaukee Allis-Chalmers plant and that its purpose was to shut off munitions for Great Britain.

Eugene Dennis, general secretary of the communist party and a defendant in the trial, urged the strike at a secret meeting of party officials in Milwaukee in the fall of 1940, a government witness testified.

Dennis told the testimony, the witness said, that the party's politburo had "decided on the Allis-Chalmers strike to halt Roosevelt's war and hunger program."

Harold Christoffel, then president of the Allis-Chalmers local of the CIO United Automobile Workers, told the meeting an occasion could be found for the stoppage, the witness testified. Christoffel was described in the testimony as a communist.

BABY KILLED IN CRASH
Champaign, Ill., March 30—(AP)—Danny Maddock, 18 months old, was killed today in a train-automobile collision. An Illinois terminal railroad train collided with the car in which the baby and his parents, Mr. and Mrs. Robert Maddock of St. Joseph, were riding. The crash occurred near Mayview in Champaign county.

Government Of Syria Overthrown By Army

Damascus, Syria, March 30—(AP)—The Syrian army overthrew the government without a fight today and arrested many high officials. Brig. Husni Zayim, chief of staff of the army, said the dawn coup was to deliver Syria from "despotism" and would not interfere with previous foreign engagements.

His statement was taken to mean that Syria will go ahead with negotiations for an armistice with Israel. A curfew was clamped on the country at 6 a. m., the moment the revolt was successful. A government of undersecretaries carried on the administration while Zayim sought the advance of Faris El Khouri, president of parliament and former premier, on formation of a new cabinet.

(At Rhodes the acting U.N. mediator, Dr. Ralph J. Bunche, said he assumed the Israeli-Syrian armistice negotiations would proceed as scheduled. Bunche's aides left for Damascus yesterday to begin the work.)

(U.S. Minister James Hugh Keelley, Jr., reported to Washington from Damascus that President Al Sayed Shukri Al Kuwaty, Premier Khaled Bey Azem and the entire cabinet were arrested.)

(In Washington it was pointed out that the revolt posed a question of what will happen to the proposal, which was to be brought before the Syrian parliament soon, for consideration by the Arab League. The Syrian government also endorsed a measure to outlaw speed traps and another to make theft possession of stolen license plates a felony instead of a misdemeanor.)

The speed limit bill was approved 19 to 4 after its sponsor said his aim was to cut down highway accidents and deaths. However, some members who voted for it said they might decide to oppose it on the house floor.

Rep. Sam Schaumleffel (R-Monmouth), who authorized the legislation, said five persons were killed every day in Illinois auto mishaps.

He said that nearly half of the 128,000 accidents reported in the state last year were at least partly the result of excessive speeds.

Schaumleffel said he wanted to "put Illinois in the class with 33 other states that have definite limits."

Eruption In Gulf Of Mexico Engulfs Barge, Two Boats

New Orleans, March 30—(AP)—A part of the Gulf of Mexico, belching flames and mud like a volcano, cavied in and swallowed a drilling rig, a barge and two landing boats today. The weird eruption occurred at a blazing oil well at Pass A Loutre, easternmost mouth of the Mississippi river. No one was injured.

A Shell Oil company spokesman said burning gas formed a crater underneath the ocean floor. The eruption was similar to a volcano under water.

The drilling equipment and vessels disappeared into the crater. Nothing is left at the well site, the spokesman said.

Gas still is bubbling up and burning on the water's surface.

Plans To Regulate Comic Book Sales By Law In Illinois

Springfield, Ill., March 30—(AP)—Senator Arthur E. Larson (R-Chicago), chairman of the Senate's obscene literature commission, said today his group is drawing up legislation to regulate sale of comic books in Illinois.

The commission of six senators, set up to investigate lewd literature, decided to hold no further hearings but to begin work on its report immediately.

Larson said the commission is studying proposals to license publishers, distributors and retailers of comic books in Illinois. It also has under consideration a plan whereby comic books could not be sold unless approved by state's attorneys in the various counties where they are to be sold.

Legislation to set up a state board on censorship of obscene literature failed to get endorsement in the 1947 legislative session.

Divorce Refused Man Whose Wife Left 38 Years Ago

Derby, Eng., March 30—(AP)—Edgar Carrington, whose wife left him 38 years ago, was refused a divorce on grounds of desertion today. The judge said he didn't try hard enough to get her back.

The evidence showed that Carrington, a 60-year-old window cleaner, gave up after two years of refusals by his wife to rejoin him.

He did not see her again for 17 years.

Judge R. A. Willes, turning down Carrington's petition, commented: "In 1930 he happened to meet his wife. He asked her to come back, but he did not ask her where she lived."

The young quality of Long Island cauliflower was improved by spraying the crop with hormones, or growth-regulating substances, two weeks before harvest.

Voluntary Health Insurance Program Given To Senate

Washington, March 30—(AP)—A new health insurance plan based on voluntary rather than compulsory participation was introduced today by three Democratic and two Republican senators.

Its aim, they said, is to make medical and hospital care available to every American. When an individual couldn't meet the expense, the government would help the states pay the cost.

Senators Hill (D-Ala.), O'Connor (D-Md.), Withers (D-Ky.), Aiken (R-Vt.), and Morse (R-Ore.) joined in introducing the measure in the senate. Hill said it was offered as a substitute for the "compulsory universal health insurance plan being pushed by President Truman."

Under the administration proposal, the federal government would levy payroll taxes to pay for hospital, doctor and dentist bills.

The new bill emphasizes state and local controls, and is intended to stimulate present systems of prepaid medical care. Federal funds would be used to help the states "survey, coordinate, supplement and strengthen" their existing health resources.

House Committee Okays 50-60 MPH State Speed Limit

Springfield, Ill., March 30—(AP)—A bill to limit automobile speeds to 50 miles an hour at night and 60 miles an hour in the daytime today was recommended for passage by an Illinois House committee.

The motor vehicle and traffic regulation committee also endorsed a measure to outlaw speed traps and another to make theft possession of stolen license plates a felony instead of a misdemeanor.

The speed limit bill was approved 19 to 4 after its sponsor said his aim was to cut down highway accidents and deaths. However, some members who voted for it said they might decide to oppose it on the house floor.

Rep. Sam Schaumleffel (R-Monmouth), who authorized the legislation, said five persons were killed every day in Illinois auto mishaps.

He said that nearly half of the 128,000 accidents reported in the state last year were at least partly the result of excessive speeds.

Schaumleffel said he wanted to "put Illinois in the class with 33 other states that have definite limits."

Say Chiang Backs Nationalist's Bid For Peace In China

Nanking, March 30—(AP)—Chiang Kai-Shek gives "full support" to the Chinese government's bid for peace with the communists, a well-informed source said today.

The assurance from the "retired" president were carried to the legislative Yuan (national legislature) as delegates prepared to leave for Peiping. There the faithful conference with the reds opens Friday.

A legislative source said Gen. Chang Chih-Chung, head of the peace delegation, brought the word from the generalissimo. Chang conferred with Chiang at Chikow, a town about 110 miles south of Shanghai.

(Chiang's position on the Peiping conference has been obscure. The communists accuse him of using peace moves to stall for time to build up a new resistance zone in south China.)

(It is unlikely his reputed "full support" changes his view, as represented by his closest associates. That view is there must be no outright surrender to the communists.)

'Peace' Rally Will Tour U.S. Without Russian Delegation

New York, March 30—(AP)—A "world peace" rally will go on the road across the U. S., its sponsors said today, but there will be no Russians in the cast.

Immigration officials gave eastern European delegates a week at the most "to leave the country."

The 18 came here with representatives of other nations last week for cultural and scientific conference on "world peace" in New York. The state department now says the visas of the "iron curtain" delegates were good for the New York meeting only.

The sessions at the Waldorf-Astoria hotel were sponsored by the National Council of Arts, Sciences and Professions. It drew several thousand delegates and almost as many pickets.

The state department's "go home" order, the council said, will "convince more and more Americans that the department does not want and will not tolerate a truly free exchange of information between the American people and cultural leaders from the eastern European countries."

Bevin Arrives In America To Sign Atlantic Alliance

Truman Says Rent Control Bill Will Curb Black Market Rents

Washington, March 30—(AP)—President Truman today forecast a crackdown on a "black market in rents" as he signed the new "home rule" measure extending rent controls 15 months longer.

Although it is not as strong as he had asked, Mr. Truman said passage of the act was a "crushing defeat for the real estate lobby."

The president signed the bill into law only a day before the old rent law was due to expire. Congress only yesterday had approved the extension after weeks of bitter debate.

In a statement issued after the brief signing ceremony at the White House, Mr. Truman picked out specific provisions which he said "strengtheners rent controls."

These are the major ones he cited:

1. Authorizing the Federal Housing Expediter to regulate evictions, making it "possible" to curb a "black market in rents."

2. Empowering the U. S. rent boss to sue landlords for treble damages on the tenant's behalf in case of a rent overcharge.

3. Eliminating the "much-abused procedure permitting so-called voluntary leases with rent increases up to 15 per cent." The president said this removed the "possibility of coercion by landlords to make tenants sign such leases in the future."

"This act," he said, "is the result of the joint efforts of the congress and the administration to find an equitable solution for a difficult problem."

Mr. Truman went on to say that "while affording more effective protection to tenants against illegal or unjustified increases, the act also facilitates the making of adjustments necessary to correct injustices against landlords."

He said the provision to give owners a "fair net operating income" will be particularly "helpful" to small landlords who may not be getting an "adequate" return on their investment.

Although many congress members objected to this section as being too vague, Mr. Truman said it "does not create an administratively unworkable standard of 'fair return' nor does it mean a general increase for all tenants."

"Rather," he said, "it provides an equitable standard, for adjustments where they are needed."

Exact operations of this section have not been detailed, but Federal Rent Expediter T. E. Woods is expected to clarify this issue in a statement being prepared for release tomorrow.

Blames Comics And Movies For Murder Of Two-Year-Old

Fond Du Lac, Wis., March 30—(AP)—Movies and comic books were blamed indirectly today by Municipal Judge Hazen W. McEsey for the strangulation of little Mike Strobel.

McEsey, who handled the closed juvenile court action, said the 12-year-old lad who had admitted the slaying related "he saw this choking proposition enacted in the movies and has read of the same in comic magazines."

Two physicians who examined the youngsters recommended immediate commitment to a mental hospital with waiver of the customary 30-day observation period. McEsey has not acted on the report.

Little Mike, the two-year-old son of Mr. and Mrs. Urban Strobel, was strangled with a leather belt the night of March 23. McEsey said the 12-year-old admitted he did it when he became angry and that he later told of a similar attempt to choke a playmate last summer.

High Court May Test Birmingham's Segregation Law

Birmingham, Ala., March 30—(AP)—The groundwork was laid today for a high court test of Birmingham's laws requiring separation of negroes and whites.

It came at the opening of U. S. Senator Glen Taylor's appeal from a police court conviction here last May 5.

The Idaho senator, candidate for vice president on the Henry Wallace ticket last November, was charged with disorderly conduct. He was fined \$50 and given a suspended sentence of 180 days in jail in police court. He is appealing that conviction.

Arthur Shores, Birmingham negro attorney, moved to dismiss the complaint against Taylor. The motion asserted Taylor's arrest, while not on a charge of violating the city segregation ordinance, arose from that law.

The motion contended the laws providing segregation are unconstitutional. Taylor has said he would carry that argument to the highest courts.

State Senate Group Backs \$5,000,000 Cancer Hospital

Springfield, Ill., March 30—(AP)—Legislation to establish a \$5,000,000 State Cancer hospital was endorsed today by the Illinois Senate Public Welfare committee.

Passage of the bill was unanimously recommended and it was referred to the Appropriations committee after a brief hearing.

Senator Roland V. Libonati (D-Chicago), one of the sponsors, said the hospital would be a research center and also would provide care for "unfortunates unable to carry on the expenses incurred in cancer cases."

The proposed 200 bed institute would be 11 stories high and would be located on Chicago's near west side in the medical center. It would be managed by the University of Illinois.

In addition to \$5,000,000 for construction of the building, the bill also calls for \$1,250,000 for operating expenses after the hospital is completed.

Illinois Colleges Cut Requests For Construction Fund

Springfield, Ill., March 30—(AP)—Higher education institutions drastically lowered requests for construction funds at a hearing held today by the Illinois Budgetary commission.

The five colleges and universities under the State Teachers college board chopped their request for the 12 years starting July 1 from \$96,000,000 to under \$16,000,000.

The University of Illinois offered a \$63,000,000 building program—up changed from the one approved by university trustees last fall—but officials indicated willingness to accept far less.

The commission, an advisory body to Governor Stevenson and the legislature, announced no decisions.

The reduced combined building plan for the five Teachers training institutions was presented by Noble U. Puffer, State Registration and education director.

Puffer said it was drafted as a substitute to one previously okayed by the Teachers College board in the realization that there wasn't "enough state money to go around."

Gary Mayor Tells Squad To Eliminate All Vice In City

Gary, Ind., March 30—(AP)—Mayor Eugene Swartz set up a new vice squad today and ordered it to find and eliminate "all places of gambling, houses of prostitution, street soliciting, illegal sale of liquor or anything resembling vice in any form."

The mayor, badgered by a women's citizens committee demanding a thorough cleanup of crime, named Capt. Peter Billick, chief of detectives, to head the new squad.

Then the mayor departed for an undisclosed place "to get some sleep." His wife said his telephone rang so many times last night he couldn't sleep.

The women's group expressed dissatisfaction with the progress of the anti-vice campaign, and called another executive committee meeting for tomorrow night.

Bill For Disability Unemployment Pay Shelved By Solons

Springfield, Ill., March 30—(AP)—Proposed disability unemployment compensation legislation was shelved today by the Illinois Senate Industrial Affairs committee.

The bill was sent to a subcommittee by a 12 to 1 vote with Senator Walker Butler (R-Chicago), its sponsor, as the only dissenter. Butler also lost out in an attempt to have the subcommittee report back within two weeks.

Most committee members took a dim view of the bill's reaching the Senate floor after a trip to the subcommittee, traditional burial ground for legislation. However, Butler said he would push for a passage recommendation.

The committee action came after several businessmen testified against the bill.

A. G. Block of Rockford contended the cost of administering the plan would be "high and excessive."

Russians Carry Off Three Women

Berlin, March 30—(AP)—Russian soldiers and Soviet zone police purloined two German women into the American sector of Berlin tonight and carried them off.

U. S. public safety officers said the incident occurred in the Rudow section of the city, a suburb bordering the Soviet zone. Shots were fired during the chase.

Witnesses told police the women were carrying knapsacks, probably food smuggled from the Russian zone.

Pickets Egg, Tomato Him In N.Y.

Washington, March 30—(AP)—British Foreign Minister Ernest Bevin, having run an egg-and-tomato barrage in New York, arrived in Washington today to join Secretary of State Acheson and 10 other foreign ministers in signing the North Atlantic treaty here next Monday.

The pact, he told reporters at Union Station, "will mean the creation of real solidarity of the west" and will provide the basis for "peace for a very long time."

Signing of the treaty by all 12 of the nations considered qualified for membership was assured only this morning when Iceland's parliament approved that country's membership, and the foreign office at Lisbon announced definitely that Portugal would join.

Comes To Capital
Bevin came to the capital immediately after reaching New York aboard the great liner Queen Mary. More than 500 pickets marched near the pier as the ship was tied up alongside. They noisily protested Bevin's Palestine policies and when finally he left the pier for Pennsylvania station eggs and tomatoes were hurled from the crowd at his car.

Police here took careful precautions against a repetition of any such incidents. More than a score were on hand when his train pulled in and they roped off an area around his special railway car.

While it is the Atlantic treaty signing which is bringing the bulky Briton and 10 foreign office chiefs to Washington this week, Acheson made clear at a state department news conference today that the scope of the work which will be done in an extraordinary series of conferences during the next 10 days is far broader than that.

Will Discuss Problems
He told reporters he would talk with the visiting officials about any subject they want to bring up and listed two tough sets of problems sure to arise. These are:

1. Tighter coordination of the policies of the western powers toward western Germany, and especially the formation of a western German government. In general the United States and Britain favor giving the German people greater responsibilities for their own affairs and greater opportunity for development of peaceful industry than do the French.

2. Disposition of Italy's colonies. The essential issue here is whether Italy should be permitted to administer some or all the colonies under a United Nations trusteeship arrangement, and if not, who should.

Acheson also reported steady progress on development of a program of American arms aid to the Atlantic pact and other non-communist countries. He named Lloyd V. Berkner as a special assistant to manage the proposed aid, if and when congress approves the program—estimated to cost about \$2,000,000,000 the first year. Berkner, now connected with the Carnegie institution, was formerly executive secretary of the Joint research and development board, a government agency which promotes scientific developments in the military field.

Scientists State That Paper Can Be Made From Grass

Memphis, Tenn., March 30—(AP)—Scientists disclosed tonight that they have started making paper from straw and grass, and have produced trees that grow bigger and faster.

These developments were reported to the national farm chemurgic council.

E. R. Timlow, a chemist, said the new method for making paper, including newsprint, means that 90 per cent of all the paper this country uses can be made from straw and grasses that now are waste products.

American newspaper publishers will see results from new plants in this country within a year, he said, and a plant already is being built in Africa by a Dutch publishing firm.

Victor Shoffelmayer, director of the Southwest Research Center at San Antonio, said the new fast-growing hybrid trees will permit the United States to grow all the lumber it needs—no imports necessary.

SOIL CONSERVATION SPREADS

A national summary of soil conservation reveals that there are 2,069 soil conservation districts. Since there are approximately 3,000 counties in the nation and since some districts may cover more than one county, the nation is pretty well blanketed with districts.

Texas leads with 151 districts. Other high states are: Kentucky with 98; Iowa, 92; Kansas, 91; Illinois 88; Nebraska, 83. Illinois, for instance, has 102 counties, thus giving it almost as many soil conservation districts as it has counties.

The 2,069 districts have approximately 773 1/2 million acres of farms and ranches on about 4.3 million farms.

That might give a better picture than the facts support, however, if the report stops there. Many farms within a district are not actually under soil conservation operation.

There are several reasons why more farms are not included. One is lack of education of absentee owners and tenants to the importance of conservation. Another is the lack of technicians to expedite the work. Another is a failure of farm owners to appreciate the economic advantages of conservation.

The mechanical setup for conservation pretty well blankets the country. Both salesmanship of conservation and the technicians to carry it out are lagging.

Exhibit Of Prize Winning Pictures Displayed At JHS

An exhibit of sixty-five of the top prize winning pictures in the 1948 National High School Photographic Awards, a nationwide picture contest of high school students, sponsored by the Eastman Kodak company, is being shown this week at Jacksonville high school.

Selected from thousands of entries submitted by these teen-age youngsters in all sections of the country, the photographs are representative of the fine pictures now being made by high school students.

Included among the pictures shown is the 1948 grand prize winner, which won for its maker, a Deatsville, Alabama, student, awards totaling \$600. In addition, all the first, second and third prize winners in the various classes are in the exhibit, as well as fifty other award winning pictures.

A photograph by Glenn Preston, a member of last year's graduating class, is also included in the group. Preston received honorable mention.

The pictures on exhibition range from many fine pictorial scenes to snapshots, dramatic action shots taken at baseball and football games, pictures of family pets and family activities, and a number of studies of young children and babies.

Judges for the 1948 National High School Photographic awards included Julian Bryan, internationally known lecturer and photographer; C. Scott Fletcher, president, Encyclopedia Britannica Films, Inc.; and Kenneth W. Williams, manager, Photographic Illustrations division, Eastman Kodak company.

The period of the 1948 awards is from February 1 to May 7, 1948. Pictures made since May 7, 1948 will be eligible. Entry blanks may be obtained through school camera clubs, and some photographic dealers, or by writing direct to National High School Photographic Awards, 343 State street, Rochester 4, New York. Several students in the J.H.S. Camera club, which is under the direction of John S. May, are planning to submit entries.

The public is cordially invited to view the exhibit of last year's prize winning photographs, now on display on the main floor of the high school. The exhibit may be seen during the day and in the evening from 7 to 9 o'clock.

Glandular Fever Often Mild; Due To Infection

By EDWIN P. JORDAN, M.D.
Written for NEA Service

Glandular fever or infectious mononucleosis, as it is generally known by medical men, is probably caused by an infection, very likely a virus. Slight loss of appetite and vague pains here and there are common early symptoms. Slight fever is the general rule. In some people there is nausea, vomiting and a little pain in the abdomen. In mild cases there may be headaches and lack of pep. Enlargement of the lymph glands in the neck, in the armpits, groin, and elsewhere is common.

The blood shows changes which are important in making the diagnosis. The number of white cells in the blood, sometimes called the leukocyte count, is increased. When the blood is smeared on a glass slide, stained and examined under the microscope, it will show a peculiar type of cell which was formerly called a monocyte which has given the name now applied to the disease. Diagnosis Difficult

Except for these cells and a complicated special test of the blood called the heterophile antibody test, the symptoms of infectious mononucleosis are like those of many other conditions. For this reason the diagnosis is often long delayed and sometimes not made at all. Infectious mononucleosis is particularly common in young people. It is difficult to tell how long the condition will last because the beginning is often so vague. In most people the fever, however, lasts less than two weeks, though in a few it may persist for a long time.

There is no good treatment for infectious mononucleosis nor is treatment particularly important because the disease is usually mild and recovery usually takes place without treatment in a short time. However, some may feel rather down for a long time.

THE DOCTOR ANSWERS

By Edwin P. Jordan, M.D.

Question: I have had a bad smelling breath which has caused me much embarrassment. What can be done for this?

Answer: The cause must first be found. There are many possible causes for bad breath. The cause may lie in the mouth itself, bad teeth or bad gums, or there may be some organic cause elsewhere in the body, particularly the digestive tract or the lungs. Finally, bad breath is sometimes caused by smoking or by food or drink.

He'd Like To Trade His Education In On New One

BY HAL BOYLE

New York.—(P)—Anybody in the market for a second-hand education?

I would like to trade my education in for a new one, just as you trade in a broken down car for a later model.

Because I sure am not getting the intellectual mileage for my old education that I used to. It has turned out to be a four-cylinder job in an eight-cylinder world.

I grew up in what was supposed to be the most widely educated generation in history. But it appears now that practically everything I learned was wrong. What I was taught was true is now regarded as false.

Today it is hard to believe in anything, because a thing that is accepted as a fact in the morning may be regarded as a superstition by evening.

Clean Teeth Decays—He Knows
Let us take a sample subject like the human body, something every normal person has. But how shall you take care of this marvelous machine? Well, what they teach you to do today they'll probably tell you to shun tomorrow.

At the time I started in kindergarten the medical profession had ceased recommending long horse-back rides as a cure for tuberculosis.

But I was told, on the teacher's word of honor, that a clean tooth never decays. Everybody today knows darn well it will—if it wants to.

The school dentist showed us the right way to brush our teeth—side-ways. A couple of years later we were being taught to use a rotary motion. Now my dentist is in favor of brushing up and down. And I am looking forward to a day, coming fast, when I can avoid all doubt in the matter by faking 'em out and soaking 'em in a glass.

In Danger Of Drowning
Take water. In my youth I was sternly warned that if I didn't drink two quarts of water a day I'd come down with auto-intoxication, whatever that was. Now if you drink more than a quart you're in danger of drowning internally.

Take bed rest. Remember when they kept you in the hospital for two weeks after an appendectomy? Today they hardly let you stay in the hospital long enough to warm the sheets. Tomorrow they may take your appendix out while you're standing up—during your lunch hour, so you won't have to miss half a day's work.

As a result of all these changes a man no longer can afford to do anything to his body without running the risk of being out-of-date before his last wonder pill has been digested. About the only safe thing to believe in is the circulation of the blood.

What we need is an education that will stand up long enough for a man to earn enough money to go back to college and get another education.

Everybody knows that for long wear, plastic is just the thing. But these draperies go one better for they're patterned in such glorious-hued designs you'd think they were cretonne or chintz. You get the beauty of fabric without the care that fabric requires. Not a lick of washing or ironing to be done—just wipe the plastic clean with a damp cloth. They're waterproof... also resist mildew, shrinking, cracking or burning. Made with patented Kwik-pleat tops. 2 patterns—exactly as pictured—a fern leaf design, wine and green or gray and yellow on natural; floral bouquet, red or yellow or natural.

Russian Works Longer for His Food and Clothes

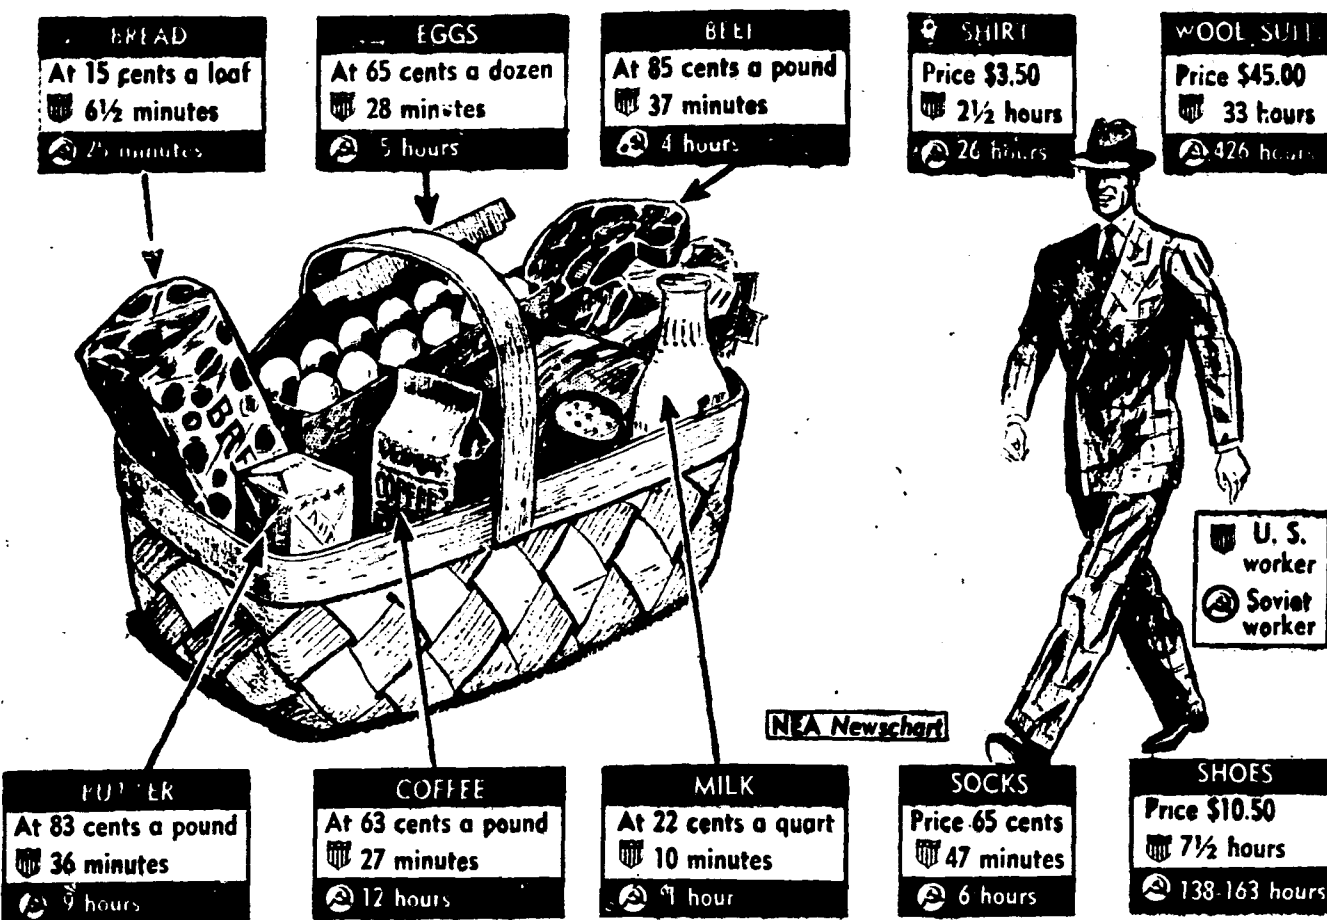

Diagram above compares the length of time the average Russian industrial worker and the average American industrial worker must stay on the job to earn enough money to buy basic food- and clothing items. Purchasing powers like these were revealed in a Bureau of Labor Statistics study undertaken after Moscow ordered retail price reductions ranging from 10 to 30 per cent for Soviet consumers. While the American works about 160 hours a month, the Russian must put in the legal 204-hour work month.

METHODIST LAY LEADERS AT BANQUET

A group of prominent Methodist officials and laymen are shown as they attended the ninth annual laymen's banquet of the Jacksonville district at MacMurray College on Tuesday evening. Left to right are Maynard Rigg of Peoria, past conference lay leader; Dr. Sidney A. Guthrie, superintendent of the Jacksonville district, who will leave in June after six years' service in the district; Elmer Jolly of Peoria, conference lay leader; Chilton G. Bennett of Chicago, executive secretary of board lay activities of the Methodist church; Dr. Clarence P. McClelland, president of MacMurray College; Harlan Williamson of this city, banquet toastmaster, and Dr. O. F. Galloway of this city, district lay leader. Mr. Bennett was principal speaker at the banquet, which attracted 800 men from all sections of the district.

J.H.S. To Hold Prom Friday Night

Jacksonville High school will hold its junior-senior prom and banquet Friday evening, April 1, in McClelland hall at MacMurray college. Dancing will be from 9 o'clock to midnight. Tickets are available in room 314 at the high school. Because there will be no school on Friday, tickets must be purchased by 4 p. m. Thursday, March 31.

Nichols Park Scene On Magazine Cover

A scene photographed in Nichols park decorates the front cover of the March issue of Panhandle Lines, a widely circulated magazine published by and for the employees of the Panhandle Eastern Pipe Line Company. Its contents include a double page spread of Jacksonville photographs, with a descriptive article on the city.

The article states that Jacksonville, with an estimated population of 21,500, consumed approximately 375 million cubic feet of gas last year, furnished by the Panhandle Eastern.

An eight inch lateral line connected to the main line at a point 12 miles south of the city delivers the gas to a double six inch orifice measuring and regulating station located near the city limits. The first delivery of gas was made Jan. 2, 1932, although some gas from shallow wells in the county was being delivered prior to the completion of gas line facilities. For a short time the natural gas delivered was mixed with gas manufactured by the Illinois Power Company, but Aug. 6, 1932, the Illinois Power Company, the Panhandle distributor, began the distribution of straight natural gas in Jacksonville.

The magazine article starts out by relating that Jacksonville was named for Gen. Andrew Jackson, and that "it is recognized as one of the most beautiful cities in the Midwest and is often referred to as the 'Elm City'."

It lists a number of the leading institutions and industries, with a brief historical review of the community. Photographs include the public square with the Farmers State bank in the background; Eli Bridge Company plant, Old Beecher hall at Illinois College; the new veterans' building at the Jacksonville State hospital; Ann Rutledge hall at MacMurray College; the Yording Tourist court and an aerial view of the business district.

Mrs. Henry Davis Dies Wednesday After Long Illness

Mrs. Henry Davis, 942 West Morton avenue, died Wednesday at 10:20 a. m. at her residence, following an illness of many years.

Mrs. Davis was the daughter of Charles and Alice Early and was born in Louisiana, Mo., on April 11, 1892. Her marriage to Henry Davis took place on Sept. 2, 1908. He died Jan. 10, 1942.

Surviving are four children, George W. Miller, Fred B. Davis, Mrs. William Johnson and Mary Ann Davis, all of this city; one grandchild, Mary Etta; two sisters, Mrs. Anna Reddon and Mrs. Mattie Carpenter, both of this city; and several nieces and nephews.

Mrs. Davis was a member of the Christian church.

The body is at the Gillham Funeral Home, where services will be held at 2 p. m. Friday, with the Rev. William Sales and the Rev. J. J. Handy officiating. Burial will be in Jacksonville East cemetery.

The family will receive friends at the funeral home Thursday evening from 7 to 9 o'clock.

THE MOST MODERN

of America's Fine cars

COSTS \$855 TO \$2,302 LESS*

Nash has built a new kind of automobile for those who want the utmost in luxurious motoring.

It is a big car in every respect, with maximum passenger and luggage space. Its efficiency and performance are something entirely new in fine cars.

The Nash Ambassador employs the principle of Unitized body and frame, eliminating useless weight, increasing strength and safety.

Compared with the other three finest American automobiles, the Nash Ambassador will deliver as much as thirty per cent more miles on a gallon of gasoline. And you will ride and drive in greater comfort and with less fatigue than in any other automobile in your experience.

In exterior design, it is the only car streamlined from bumper to bumper with uninterrupted fender lines. The only car with undivided curved windshield in all models.

And the Nash Ambassador is priced \$855 to \$2,302 lower than you would have to pay for any of the other three fine automobiles.

Nash dealers invite you to drive this most modern car.

Mrs. Ferry Tells Of Great Book Study Activities

Mrs. Margaret D. Ferry, a leader of the Great Books Study club, addressed the Optimist club Wednesday concerning the activities of the study club, which meets twice each

month at the Public Library. Taking up 18 books approved by the Great Books Foundation, the group engages in interesting discussions on the works of great philosophers and leaders.

Mrs. Ferry said that members of the club derive much knowledge and satisfaction from an exchange of ideas after reading the books. Each member is given opportunity for an expression of opinions.

She said the Great Books Study club was inaugurated by the American Association of University Women, with the assistance of the Public Library which has become a co-sponsor. Membership is open to both women and men. Interested persons are invited to join the group on the first and third Mondays of each month at the library.

Next year the club is planning to establish first and second year groups for the study of the classics.

Mrs. Ferry was introduced by Col. John T. Taylor, program chairman of the Optimist club, who reported on plans for an educational tour by eighth grade pupils of the Jacksonville schools to Springfield and New Salem State park. Groups will go by bus to Springfield and the park on April 12, 13 and 14, accompanied by teachers and representatives of the Optimist club.

Judge Paul Fenstermaker, president, announced plans for the annual election to be held in April.

Dempsey Tells Of Last Fight With Enlisted Man On Transport

Hartford, Conn., March 30—(AP)—Nearly everyone thinks, says Arthur McGinley, sports editor of the Hartford Times, that Jack Dempsey's last fight was the one he lost to Gene Tunney on September 22, 1927 in Chicago.

But the one-time world's champ had another under his belt. The scene was a transport deck in the Pacific and the time midway through World War II.

There was no million dollar gate, no referee, no seconds and, strangest of all, it was between a 50 year old commander of the coast guard in one corner and in the other a husky young enlisted man who had once served as a sparring partner for heavyweights including Joe Louis.

Dempsey was in town the other day and told the story to McGinley. "This bird was making himself pretty objectionable—bullying the other men," recalled Jack. "One day there was a boxing show and this guy knocked his opponent cold. So he began to boast that no so-and-so on that ship could lick him."

"It burned me, but naturally I didn't say anything—was an officer and he an enlisted man but finally he walked up to me and said 'you're a great fighter, you're an ex-champ. How about you?'"

"I knew I had no right to fight him—that it was strictly against regulations. But before I knew it I had stripped down and was in there with him."

"I said to myself, 'Are you going daffy at 50 fighting a fellow about 23 or 24' but there wasn't any time for thinking about it."

"This bird was pretty good and in the first round he battered me around, and I thought I was in for the licking I deserved for not having better sense."

"But then came the break. He came out for the second with his guard down. I could see he thought it was going to be pretty soft."

"I knew this was my only chance and I put everything back of that one shot." It was a punch with a prayer riding with it if ever there was one.

"I landed flush on the fellow's jaw and he went down and out. 'There was never another peep out of this bird who had admitted he could lick the world.'"

"I expected to be court martialed—an officer fighting an enlisted man. 'And I sure would have been if I had lost.'"

Williams, Gavilan In Rubber Match Friday Night

New York, March 30—(AP)—Eddie Eagan, chairman of the state athletic commission, thumbed through his files today in search of three "Solomons."

He's going to need three officials with something close to the biblical inaccuracy of wisdom plus strong sets of nerves to judge Friday's ten round, non-title bout between lightweight champion Ike Williams and welter contender Kid Gavilan in Madison Square Garden.

The star created by Eagan's indefinite suspension of two officials following the Jake La Motta-Robert Fliegmair last Friday, has focused attention on the thorny problem that will be handed the three arbiters this week.

They will be asked to decide between two battlers with contrasting styles who have fought two of the closest fights in recent years.

Williams won the first one in Feb. 1948. The flashy Cuban evened the count last Jan. 28.

All three officials voted for sharp-punching Ike in the initial contest but by as narrow an edge as you can make it, 5-4-1, 5-4-1 and 6-4.

In the return, the busy, wide-swinging Cuban kept receiving 5-4-1 verdicts from the two judges to give him the edge although referee Ruby Goldstein cast his ballot for a 4-4-2 draw.

Yankees Outlast Cincinnati 7-6

St. Petersburg, Fla., March 30—(AP)—Joe DiMaggio made his first appearance in the starting lineup today as the New York Yankees edged the Cincinnati Reds, 7-6, in eleven innings.

DiMaggio played six innings and went hitless in three times at bat. The Yankee clipper batted in one run with a fly ball and had no occasion to run hard.

The winning run came when first baseman Charley Kress fumbled a ground ball which allowed George Stinnett to scoot home from third base.

Phillies Defeat Senators 7 to 4

Orlando, Fla., March 30—(AP)—Bill Nicholson slammed a home run with one on and Willie Jones supplied three singles for the Philadelphia Phillies here today as they defeated Washington, 7-4.

Seven walks, three errors and a wild pitch aided the Phillies in their conquest.

N.Y. Giants Whip Pittsburgh 11-4

Phoenix, Ariz., March 30—(AP)—Sid Gordon poked two home runs today as the New York Giants whipped Pittsburgh, 11 to 4, in the opener of a three-game series.

Johnny Mize also hit for the circuit, his third in two days. Clint Hartung went seven innings for the Giants.

New York Stock Market

New York, March 30—(AP)—Heavy trading in stocks had only a minor effect on prices in the market today.

Grains outweighed losses but scarcely enough to indicate a decisive price trend. Changes were mostly a point or less.

Turnover was at a rate approaching 2,000,000 shares for the full session, which would compare with yesterday's tidy 1,800,000.

The market opened with a roar. Big blocks of stock crowded the tickers tape, which for a short time dropped behind in reporting transactions on the floor of the exchange.

Today was the first time traders had a go at the new 50 per cent margin requirement. Yesterday the market anticipated the reduction from 75 per cent and the price level shot ahead for one of the best gains in the past year.

After the morning rush had slackened, the market took a breathing spell. In the last hour buying interest revived, business expanded, and many issues reached the top prices of the day and for 1949 as well.

Higher were U. S. Steel, Caterpillar Tractor, Consolidated Edison, N. Y. Central and Nickel Plate.

Losers most of the day included Chrysler, Montgomery Ward, American Telephone and Consolidated Natural Gas.

Corporate bonds moved narrowly. U. S. governments held firm again in over-the-counter dealings.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, March 30—(AP)—While lambs hit a new winter record price of \$32 today, hogs were steady to 25 cents higher and cattle unevenly 25 cents higher to 25 cents lower.

Lambs generally were up \$1 from Tuesday's levels and ewes were strong to 50 cents higher.

Good and choice barrows and gilts sold at \$18 to \$21 and a top of \$21.25. Sows took \$14.50 to \$17.50.

An estimated 2,000 hogs were held over unsold, the same number as from the previous session.

Choice fed steers topped at \$28 and heifers at \$25.50. Good to choice steers ranged from \$23.50 to \$26.50 and medium and good heifers from \$21.50 to \$24.50.

Beef cows topped at \$20, sausage bulls at \$22.50, and vealers at \$30.

Shorn lambs topped at \$29.85 and slaughter ewes at \$15.

Receipts included 7,500 hogs on sale, 6,500 cattle, 500 calves, and 1,000 sheep.

MAY GRAINS STRONG; OTHER CONTRACTS HAVE TROUBLE

Chicago, March 30—(AP)—May contracts of all grains were firm on the board of trade today, but the later months found the going a little more difficult.

An advance in the government bid price for cash wheat, plus reports of a six cent rise in the cash market at Kansas City, supported the upturn in May wheat. Grains at times ran more than a cent. May corn was aided by reports the government here would pay 1 cent more for grain than in recent days.

Strength of May had a steady tendency on deferred months of both corn and oats. But the new crop wheat deliveries were under the previous close for a good part of the day. Weather was favorable for growth of the new crop.

Receipts were: wheat 5 cars, corn 72, oats 15 and soybeans 5.

Wheat closed 1/2 to 2 cents higher. May \$2.16-\$2.15, corn was 1/4-1/2 higher, May \$1.33 1/2, oats were unchanged to 1 cent higher, May 69 1/2 was 1-1/2 higher, May \$1.28, soybeans were 1/4-1/2 higher, May \$2.15-\$2.24, and lard was 15 to 20 cents a hundred pounds higher, May \$11.30.

East St. Louis Livestock

Mixing Football With Baseball Cost Yanks The Phenomenal W. Drogo

Greenberg Set A Pattern For Bosox Rookie

By HARRY GRAYSON
NEA Sports Editor

Sarasota, Fla.—(NEA)—The All-American conference has been a financial headache to the Yankees ever since the firm of Webb, Topping and MacPhail decided to make a package job of baseball and football.

The new football league, which is rapidly becoming an old pain in the neck to those sending good money after bad, will swap Del Webb and Dan Topping in another direction if it turns out that all six feet five inches and 215 pounds of Walter Drogo can swat an outside curve.

And there is no good reason why the large Connecticut alumnus cannot. He already appears to have all the answers in the field, is remarkably agile for one of his dimensions.

At a time when the Yankees are searching desperately for a first baseman, the Red Sox are merely trying out one who easily could be a potential home run champion.

And the erstwhile Bombers might now have Drogo—pronounced Droepo—had not in June of 1947 Larry MacPhail offered the young giant a joint baseball and football contract.

Drogo didn't come cheap, you see. The affluent Phillies were bidding, too, and MacPhail, then general manager, sought to protect his bonus by tying up his quarry both ways.

All-Around Athlete
Drogo is an all-around athlete, understanding. He stuck out in basketball and football also, to such an extent in the latter sport as an end that he was the number one draft choice of the big and bad Chicago Bears no less.

The Atlanta Crackers and the Chicago Cardinals joined hands in rolling baseball and football into one to beat the New York Americans to Charley Trippi along about the same time which probably gave the fiery MacPhail the idea. Anyhow, the Cardinals wound up with the great Georgia tailback, who quickly discovered that the games don't mix.

Walt Drogo

"Jack White then the football Yankees' line coach, made the proposition to me," reveals Drogo, a personable and articulate Slav of 26 with hands like hams.

"I had decided to play baseball. It's a much easier way of making a living, and you last longer."

"When the Yankees wanted to sign me to play football in the event that I failed as a first baseman and hitter, I figured they did not have too much faith in my ability as a ballplayer."

"On top of that, the Boston club gave me a much better deal."

"I felt closer to the Red Sox, too. Used To Watch Greenberg"

"Moosup, Conn., my home town, is only 60 miles from Boston, and I used to run over there every time I had a chance to see Hank Greenberg. I guess that from my kid days I sort of fashioned myself after Greenberg, largely because he was a first baseman who turned out fielder and we are built on the same general generous proportions."

"Like Greenberg, I feel that the fans want to see a big fellow like me hit the ball out of the park, and that's what I'm aiming to do."

"Do I believe I can hit American League pitching? Why not? Sure I'm fooled by a curve ball now and then, but so was Greenberg, and he did a little better than all right. Anybody with a sweeping swing like ours doesn't figure to be precisely fool-proof. The trick is not to miss the ball too often."

"In certain I'll make it this year if Joe McCarthy will go along with me for a spell. In my brief experience in organized ball I've found that I am not a quick starter. It looks like it takes me a while to warm up, but I have yet to fail to close well."

Started Off Cold
That's what Drogo did last season. He was as cold as the weather when he started with Louisville, but shifted to Birmingham he batted .359 through 118 games batting in 102 runs. He blasted 14 home runs during the season, and then no fewer than nine in the playoffs and Little World Series. He gained recognition as a power hitter batting .297 through 87 games with Scranton of the Eastern League in 1947.

If Walt Drogo, a right-hand hitter, picks up where he left off last fall, he'll make a shambles out of that friendly left field net at Fenway Park.

That would send versatile Bill Goodman to right, and consolidate the Sox outfield.

And Messrs. Webb and Topping and the Yankees will kick them selves in the trousers for some years to come for becoming football-minded in the baseball business.

Freddie Dawson Unimpressive In Los Angeles Win

Los Angeles, March 30—(AP)—Fight fans today urged a rematch between Freddie Dawson, Chicago welterweight, and Bernard (Big Boy) Docusen, as a result of Dawson's unanimous ten-round win over Tommie Campbell, Los Angeles.

Dawson scored a knockout over the New Orleans fighter last February in Chicago, and unseated Docusen as number one challenger for Sugar Ray Robinson's welterweight title.

Dawson was not too impressive in defeating Campbell, formerly of Rock Island, Ill., at the Olympic auditorium last night. He encountered a much tougher opponent than he had counted on. Both weighed 137 1/2.

It was only in the last two rounds, when Campbell began tiring, that the heavier punching Chicago negro scored the margin that gave him the decision. The bout had been quite even up to that point.

Dawson landed a hard right to the jaw in the fourth that shook his opponent noticeably, but fought a retreating battle through most of the bout, meanwhile landing sharp blows to the head.

Campbell started strong and scored repeatedly with left hooks to the maw. There were no knockdowns. The crowd was 7,000.

Braves Edge Cards In 12-11 Contest

Bradenton, Fla., March 30—(AP)—Sparked by sensational Al Dark, who drove home six tallies with a pair of inside-the-park homers and a single, the Boston Braves staggered to a 12-11 verdict over the St. Louis Cardinals today.

Vern Bickford, seeking to duplicate John Sain's feat in going the distance, managed to get through seven innings while being pounded for 15 hits. John Beasley finished up and was credited with the verdict when Ray Sanders singled home the winning tally in the last of the ninth.

Browns Overcome Chicago Cubs 5-4

El Paso, Tex., March 30—(AP)—Hank Arit's double in the eighth inning drove in what proved to be the winning run as the St. Louis Browns defeated the Chicago Cubs 5 to 4 in the first of a string of exhibition games in Texas cities.

Ned Garver started for the Browns and together with reliever Red Embree, who got credit for the victory, allowed the Cubs eight hits. Bob Rush and Don Carlsen, Chicago hurlers, were solved for 10 blows.

Young Boxer Killed In One Of His Last Fights Before Retiring

San Jose, Calif., March 30—(AP)—Young Billy Cornwell intended to get out of the fight racket—hang up his gloves for good.

But it didn't work out that way. Last night the Des Moines fighter, lightweight champion of Iowa, caught a straight right on the chin, smacked the canvas so hard that his head bounced several inches. The thud was heard all over the arena.

Never regaining consciousness, Cornwell died this morning in a San Jose hospital. Brain concussion;

the second such injury he had received in his ring career.

His was the fourth known ring death this year. Carl Bras, at Jefferson City, Mo., Art Jackson at Toledo, Ohio, and Ali Mekoul in Algiers, all had gone the same way.

Hazards of the fight game were well known to Cornwell. He had been in 38 professional fights won all but five of them. On Oct. 18, 1947, he was knocked out by Nick Diaz in another San Jose bout, incurring a slight concussion.

He quit the ring briefly; then resumed fighting in his home state of Iowa, winning the lightweight title. About a month ago he told a Des Moines newsmen:

"I've got to get my money fast and get out. I'm going to the coast. get a couple of good matches and hang up my gloves for good."

Just like that, 25 years old and all caught up on the game he had been following since he was 15. He had done some fighting in the navy, then moved up into professional ranks in 1945. He did well even after he began fighting main events over the 10-round route.

He surprised experts by winning a technical knockout decision over a veteran Chicago fighter, Harman Mills, last January. Later he upset Del Cockayne of Des Moines, a long time rival, taking a TKO in the fifth round.

Then he came to the coast again. He had fought around California at various times in the past three years. Rube Rosenberg of Los Angeles managed him, lining up last night's main event against Tote Martinez. They went into the ring at 138 pounds.

Midway in the ninth round, Martinez connected with a straight right and down went the Iowan. Referee Vern Bybee counted him out and a doctor had him carried to the dressing room. Although spectators didn't know it, he was in bad shape and was quickly transferred to O'Connor hospital.

There, two doctors worked on him all night, keeping him alive with transfusions and oxygen. His condition was so critical they couldn't risk an operation. He died shortly after 10 a.m., before his brother, flying out from Des Moines, could reach the hospital.

Man Who Supplied Gun For Friend's Suicide Arrested

New York, March 30—(AP)—A 60-year-old man who police said supplied the gun with which his cancer-stricken, life-long friend took his own life was held without bail today on a charge of aiding and abetting a suicide.

Assistant District Attorney Harold Birns said in felony court that the section of the penal law under which Frederick Burwick was ordered held for a hearing April 6 had not been used since 1906.

Burwick was quoted by police as saying he gave Joseph Ziakowski, 65, the gun because he "couldn't stand to see him suffer any longer."

Ziakowski, a watchmaker, shot himself to death Monday. He and Burwick, a restaurant worker, had been friends since boyhood.

A first-degree manslaughter indictment could be returned in such a case, Birns said, and would carry, upon conviction, a possible sentence of up to 20 years.

Cook Co. Sheriff Says He Is Being Persecuted By DA

Chicago, March 30—(AP)—Sheriff Elmer Michael Walsh today said he is being "persecuted in a political feud" by State's Attorney John S. Boyle.

Boyle, a Democrat, yesterday told Walsh, a Republican, to crack down on gambling in suburban Cook county or face a grand jury inquiry.

Walsh, who flew back to Chicago from a Florida vacation today, declared his staff has made numerous gambling raids since he took office, resulting in some \$77,000 in fines.

Walsh's assistant, Albert V. Becker, declared Boyle "has made no effort to enforce" a state law which provides a \$500 fine and six months in jail for a second gambling conviction and \$500 fine plus two to five years in prison for a third conviction.

Boyle replied: "In some mysterious manner, whenever these persons are taken to court they get fined up to \$100. The raiders have no search warrants. The arrests are illegal."

Red Cross Report Tells Of Aid To Tornado Victims

Wilbur H. Kurtz, disaster chairman of the Morgan County Red Cross chapter, has received a report from National Red Cross headquarters, stating that the rebuilding of homes damaged or destroyed in week-end tornadoes in Oklahoma, Arkansas and Texas is already under way as 16 American Red Cross chapters and 16 national staff members begin interviews with 300 families whose homes were hit by the tornado.

A preliminary allocation of \$100,000 has been set up for this work. More money will be available if necessary from National Red Cross reserve funds contributed by the public. The National Red Cross staff workers are advisers to Oklahoma, Arkansas and Texas chapters who after giving emergency aid are now setting up hometown committees which will advise in determining amounts needed for rebuilding, medical care, occupational training, home repair, or household furnishings for those families affected by the storm. Awards for any purpose are made after planning with families involved and are outright gifts.

Similar Red Cross work is being carried on in Tennessee, Louisiana and Mississippi where local chapters and national workers from the Red Cross office in Atlanta, Georgia, are already beginning rehabilitation of the victims of last week's tornadoes.

Pupils Of Jacksonville Area Invited To See Free Show Tomorrow

School children of the Jacksonville area will enjoy a special April Fools Treat Day as guests of the retail merchants of Jacksonville on Friday, April 1. The event, fourth in the series of Shop and Show Days, is planned to give the young people a free show while the teachers of the area are attending the Illinois Education association meeting.

Miss Merna Harris Of Virginia Weds Sgt. Ed Orenic

Virginia—In an impressive ceremony performed Sunday in the home of her parents, Miss Merna Harris, daughter of Mr. and Mrs. W. Harris of this city, became the bride of Sgt. Ed Orenic, son of Mr. and Mrs. M. Orenic of Joliet.

Relatives and close friends attended the wedding performed by the Rev. Ernest Laughlin, pastor of the West Side Church of Christ in Springfield.

Preceding the ceremony Mrs. Don Morrow of St. Louis sang "Still as the Night" and "The Lord's Prayer" accompanied by Miss Joan Burns.

The bride wore a pastel blue afternoon dress with elbow length lace mitts and a picture hat of navy blue. She carried a white Bible topped with white gardenias.

Attendants to the couple were Miss Dorothy Leinberger and Eldon Harris of Port Wayne, brother of the bride. Miss Leinberger wore a beige afternoon dress and hat and carried a colonial bouquet.

For the reception, the dining room was decorated with sweet peas and pansies. The traditional tiered wedding cake was cut by the bride and groom. Dorothy Carl, Thelma Dickerson, Jean Farrar, Dorothy Leinberger and Joan Burns served the guests.

The bride chose a jacket dress and accessories of navy blue for her going-away outfit with which she wore the gardenias from her bridal bouquet.

Mrs. Orenic was graduated from Virginia high school with the class of 1946 and from the Wayne University of Beauty Culture at Port Wayne, Ind. Sergeant Orenic, following his graduation from Joliet Boys' high school in 1945, joined the air corps and is now stationed at Scott Air Base, Belleville.

After a short wedding trip, Mr. and Mrs. Orenic will be at home in St. Louis.

Arcadia Graveside Rites Friday For Elbert Boatman

Humane Society To Work Only Within City

Officers of the Humane Society of Jacksonville announced Wednesday that due to limited funds it is now necessary for the society to confine its work to the city of Jacksonville.

An effort is being made and plans are being formulated to improve its services within the city, but no services will be rendered elsewhere.

It was also emphasized in a recent board meeting that all pets or other animals whose owners are identified will be charged with such expenses as medicine, food or other services when animal has been impounded.

No revenue is realized from outside of the city and the society feels that its work should be concentrated here. Jesse Wright is the field officer.

Select Cast For Winchester High School Play

Winchester—Mrs. Loretta C. Glossop, director of dramatics at Winchester Community High School, announced the cast for the annual senior play.

This year's production, "A Broom for the Bride," is a three-act farce by George Batson and will be given in the high school auditorium, Friday evening, April 22.

The cast includes Norma Smith, Neal Cooper, Dorothy Floyd, Joyne Rumble, Mary Lou Welsh, Jude Evans, Royce Savage, Colleen Robinson, William Stuart, Jennie Neese, Edward Evans, Joyce Brinker, and Pat O'Donnell.

Those on the production staff are Wanda Barnard Joan O'Reilly, Lucille Hubble, Bonnie Blair, Beverly Funk, Albert Weder, Donald Doyle, Emma Lou Burbank, Claudine Savage, and Virginia Lucille Hubbert.

Local SPEBSQSA Plans April Meet, Potluck Supper

Carl Keenher, secretary of the local chapter SPEBSQSA, has announced plans for a joint meeting and potluck supper to be held here in April with the Beardstown and other chapters from the surrounding area.

A committee composed of Pat Lilly, Arthur Burrus and Mr. Keenher are making arrangements for the event.

The Beardstown chapter held a similar meeting Monday at their headquarters at the Beardstown high school. Guests presented Macomb, Rushville, Havana, Chapin, Virginia and Jacksonville chapters.

On this occasion Dr. Hermet of Macomb gave a short talk on the history of SPEBSQSA. The welcome was extended from the Beardstown president, Clarence A. Johnson.

Chorus singing was directed by Conductor Haines of Rushville.

Air Force General Accused Of Illegal Deals In Germany

Frankfurt, Germany, March 30—(AP)—Maj. Gen. Clayton B. Bissell of the U.S. Air Force has been charged with dealing illegally in coffee in Germany, his attorney disclosed here today.

The attorney, John E. Hughes of Washington and Chicago, denied the charge and predicted a military inquiry now under way will prove it to be utterly unfounded.

"The whole thing is only a tempest in a teapot," he said. "The only coffee Gen. Bissell ever sold was by the legal Barter market set up by the army to alleviate the economic conditions in Germany."

The U.S. Air Force announced earlier today that charges had been filed concerning "acts allegedly committed while Bissell was military and air attaché at the United States embassy in London from May, 1946, to July, 1948."

It said these were being investigated to determine whether he should be brought before a court-martial. The investigation is being made by Maj. Gen. Edwin B. Lyon.

Taxpayers' Group O. K. School Consolidation

The proposal for a community elementary school district by the consolidation of 13 one-room school districts lying north of Jacksonville "appears to have been logically planned" and "should carry," a report prepared by the Taxpayers' Federation of Illinois stated.

The report was made by Velma B. Crain, the association's director of education research, upon the request of John T. Hackett, president of the Morgan County Taxpayers' association, and County Superintendent of Schools John Deem.

Ten of the 13 districts now maintain one-room schools. The election will be held Saturday, April 2, at the Sherman school.

The report observes that the territory involved approximates 54 square miles. The road network is good and since the longest point is 8 miles north and south and the widest point 10 miles east and west, the distance to be travelled to and from school would apparently not work a hardship on pupils if they were transported to any point in the proposed district.

Valuation High
Assessed valuation is \$5,895,751, or \$34,886 for each of the 169 pupils enrolled in the proposed area. This is more than twice the minimum valuation recommended by the Illinois Survey Commission.

Tax rates vary considerably within the district, the report points out. An education tax rate of 33.1 cents per \$100 and a building rate of 5.4 cents per \$100 would be required to equal the total of the 1947

Toastmasters In Meeting; Plan To Attend Convention

The Athenian Toastmasters club met Tuesday evening in the County Fair room of the Dunlap hotel. Vice-president Ted Fairburn presided over the business session, at which time Cecil Henderson was welcomed into the club.

Mr. Fairburn introduced Louis Katz as toastmaster of the evening. He presented the following prepared speakers: Fred Chadwick, who spoke on "30-0-6 Cartridges," Roy Warren, "Advertising As a Social Force," Ralph Wilson, "Television Available Now," and Alvin A. Otto, "My Profession."

Mr. Wilson's speech was voted the best of the evening.

Frank Smith served as chairman of the impromptu session, calling on Cecil Henderson, Dallas Schultz, J. Macy Hollowell and Howard Brown to discuss "How to Plant a Good Garden."

Evaluators were Howard Brown and Dallas Schultz; general critic, M. Brooks Byus; grammarian, J. Macy Hollowell; time keeper, Cecil Henderson. Plans for attending the district convention in Springfield were presented.

Economic Experts Say Signs Predict Prosperity For US

Washington, March 30—(AP)—Two of the administration's top-bracket financial experts agreed today that current price adjustments are a "healthy" sign of continued prosperity—provided citizens don't get panicky.

But they differed, to a degree, over the danger of inflation which President Truman says must be forestalled with "standby" federal controls.

The two men—Dr. Edwin G. Nourse, chairman of the White House council of economic advisers, and Secretary of the Treasury Snyder—expressed their views at separate news conferences.

This is the last Snyder put it: "For the last three years it has been our goal to halt inflation and adjust prices. Now when we are approaching the outer fringes of accomplishing that goal, I see no need to get panicky, as some of our people are."

Thomas McManus Dies Wednesday In St. Louis

Thomas McManus of Venice, Ill., a former resident of Jacksonville and an employee of the G. M. & O. railroad for 35 years, died at 10 p. m. Wednesday at the Missouri Pacific hospital in St. Louis.

He was born in Scotland 66 years ago, a son of John and Elizabeth McManus.

Surviving him are his wife, Mary; four sons, John of Decatur, James and Leo of Jacksonville, and Francis of Granite City, and three daughters, Mrs. Elizabeth Long, Jacksonville; Mrs. Jean Matthews, Granite City; and Mrs. Mary Naffezar, Peoria.

The remains will be brought to the Heary Funeral Home and will remain there until the time for services. Funeral arrangements have not been completed and will be announced later.

Lions Club Hears Address By Supt. Of Nursing School

Mrs. Claudia Naranick, superintendent of the nursing school at the Illinois State Hospital, addressed the Lions Club at a meeting held Wednesday night at the Dunlap hotel. She spoke on pending legislation in relation to practical nursing.

The bill about which Mrs. Naranick was concerned was introduced to the Illinois General Assembly last month. It would provide for licensing of practical nurses for consideration of professional nurses.

After the discussion, the club adjourned for a practice session of their minstrel at the Elks club. The minstrel will be held next week at the high school.

Rev. Hulan Will Preach Farewell Union Sermon

The Rev. Roy Hulan, pastor of the Central Christian church, will preach his farewell union service sermon in Northminster Presbyterian church on Sunday evening at 7:30 o'clock. His subject will be "One Church for One World."

The Ministerial Association is hoping for a crowded church.

The Rev. C. Frank Jensen will preside. Dr. M. F. Stewart will read the scripture and offer the invocation and announcements will be in charge of the Rev. Frank Marston.

Frank Braevelt will direct the choir and Mrs. George Ferreira will preside at the organ.

Rev. Hulan has resigned the Central Christian pastorate, effective May 1, to accept a call to the Christian church at Hopkinsville, Ky.

Mitchum Is Freed After 50-Day Stay In Hollywood Jail

Los Angeles, March 30—(AP)—Robert Mitchum went home today, ending 50 days as a ward of the county.

The \$3250-a-week film actor trimmed the mustache from his tanned face, donned a natty pin stripe in lieu of jail denim and boarded a taxi for his home in the Hollywood hills.

"I'll go back to making pictures Monday after a few days at home with my wife and two children," said Mitchum. "This has been a milestone in my life—a real experience."

Released about the same time was actress Lila Leeds, convicted with Mitchum on charges of conspiring to possess marijuana. And like Mitchum, her term was cut from 60 to 50 days for good behavior.

The 21-year-old blonde danced a jig through hundreds of spectators to the waiting car of a friend. She disclosed she had received two offers—one for a French night club engagement, another for a personal appearance tour in the U. S.

Heads Of Force Probe Burglary

St. Louis, March 30—(AP)—Somebody broke into the business office of a member of the police board early today, and a really impressive array of police brass got on the case in a hurry.

The member is Daniel G. Church. Scout officers noticed a broken window, but the investigation was carried on by the chief of police, chief of detectives, and nine other officers.

They found: Theft of two fountain pens worth \$3.25 each.

Gifts Of Entire Area Amount To \$506,367; Plan To Build Soon

Another long step toward the building of a \$2,100,000 modern medical center for this area was made last night when the captains of loyal, energetic teams made their final reports at a Victory Dinner held at McClelland Hall.

A final tabulation revealed that the cooperation of the entire area had overshot the original goal of \$400,000. Total pledges reached the astounding sum of \$506,367.

This sum, added to the \$300,000 raised in an earlier campaign, more than qualifies this area for the \$1,400,000 of state and federal grants already earmarked for the hospital.

Immediately after last night's report meeting, the Passavant Memorial area hospital building committee met to advance plans for the erection of the new plant which will be built on Route 104 just west of the city limits.

"Now it's up to the board," declared M. R. Range, president of the board of trustees. "The new hospital will be completed just as soon as possible."

J. C. Colton, general chairman of the most successful drive ever completed in this section of Illinois, presided during the evening.

"Never before have so many people engaged in so great a cause and accomplished it in so short a time," he said.

The previously announced total was \$362,318. Each of the 312 workers who attended last night's final report meeting was confident that the grand total would exceed the \$400,000 goal, but all were jubilant when the city of Jacksonville teams reported another \$17,488; the townships of Morgan county, Bluffs, Mercedia, Roodhouse, Winchester, Manchester and Arenzville announced another \$45,043 to their previous gifts and foundation gifts of \$75,018 were reported.

Over \$500,000 Mark
This sum, added to the money already pledged, ran slightly over \$499,000 dollars. At this point Campaign Manager Ralph Minker announced an additional gift of \$6,500.

General Chairman Colton praised Minker, "who inspired us to such great levels."

The campaign proper began with the township kick-off dinner on March 8. The city teams began their work on March 14.

"Throughout the campaign, Minker emphasized, 'we have asked for a maximum effort. This unusual response must now be translated into a building that's right, with the security the people of this area desire and deserve. We must keep ourselves geared to a high level until this great project is completed.'"

"You've Done Your Share"
George K. Hendrix of the Department of Public Health, division of hospital construction and service, declared "you have every right to be the happiest people on earth. For some time there has been set aside \$1,400,000 for you. You had it and still you didn't have it. Through your ability and willingness to give you've done your share. And we'll have to do ours."

"Nobody is any happier than the Department of Public Health. You will have a truly community hospital."

General Chairman Colton lauded the "untiring, devoted leadership" of L. T. Oxley, Warren Brookhouse, Earl M. Spink, Mrs. C. L. Rice and Harold Gibson. The board of trustees of Passavant hospital presented certificates of appreciation to Colton, Oxley and Brookhouse and to Spink, who was unable to attend the final meeting of the remarkable campaign. He is attending a business meeting in Florida.

H. L. Caldwell, a member of the foundation gifts division, spoke in behalf of Chairman Spink.

"This campaign has achieved another victory. It has cemented this whole community together," he asserted.

Chairman Colton said none of the excess money pledged would be used for the operation of Passavant hospital. "All of it will go toward increased and enlarged facilities."

He also announced that the campaign headquarters would remain open at the Dunlap hotel until Saturday, April 9. It will then be moved to the Illinois Power company building on the north side of the square. Space there has been donated by the company.

"You people have demonstrated that the man of faith wins," declared Dr. W. H. Pankhurst, a leader in the previous campaign. "It's the finest tonic any community could have. It shows what Christians can do when they cooperate toward the attainment of a high ideal," he concluded.

Dr. C. P. McClelland pronounced the invocation.

FRIDAY DEADLINE FOR 1949 AUTO LICENSES
Springfield, Ill., March 30—(AP)—Friday is the deadline for motorists to apply for 1949 Illinois license plates, Secretary of State Edward J. Barrett said today.

Those who don't comply will be subject to a warning notice requiring them to apply at once for the tags or face arrest and fine, Barrett said.

The use of protective goggles in navy and other shipyards during the war is reported to have reduced eye injuries about 75 per cent.

Mud, Snow Reign In Nebraska's Spring Weather

Omaha, March 30—(AP)—Mud vied with snow today for top billing in a bizarre spring weather show in Nebraska.

A snowstorm, reminiscent of the succession of blizzards that plagued Nebraskans during the winter, dumped 12 inches and more of soggy flakes on central Nebraska.

And in northeast Nebraska, roads became so muddy that some towns were isolated in a sea of mire.

At Bloomfield, a town of 1,800, roads were so bad that not even tractors or horse-drawn wagons could travel there without great difficulty. An expectant mother was brought in to Bloomfield by lumber wagon. The three-mile trip took three hours.

At Winslow, another mud-bound town, Chamber of Commerce President Gerald Hicks said: "We're worse off than we were when we were snowbound during the winter. Then you could move around by plane. Now you can't move at all."

Editor's Daughter Reported Missing

Pittsburgh, March 30—(AP)—Anne Bernhard, 20, daughter of Editor Andrew Bernhard of the Post-Gazette, was reported missing today.

Bernhard said she disappeared between Chillicothe, O., and Chicago Friday. He said he didn't know of any reason for her disappearance.

Miss Bernhard, a post-graduate student at the University of Chicago, had been spending her spring vacation with an aunt, Mrs. F. M. Pfiffner of Chillicothe.

Friends described Miss Bernhard as attractive. She is 5 feet two inches tall, weighs 110 pounds and has brown eyes and hair.

THANK YOU
We want to thank our neighbors and friends for their assistance at our recent fire.

Virginia Cagers And Cheer-Leaders Awarded Letters

Virginia—Principal Walrich, of the Virginia high school, has announced that the following boys received their letters for performances during the past basketball season:

Ed Rogers, Marion Walton, Glen Walrich, Phil Turner, Ralph Henderson, Paul Bennett, R. C. Yates, all of whom are seniors. Reserves letters were awarded to Pete Skiles, Bill Connors, Larry Harrison, Don Davismeyer, Jack Dickerson, Wilbur Ring, Bob Watkins, Jerry Young, Henry Carls, Lewis Webster, Donald Looker and Bob Dour. Dan Brasel was presented with a manager's letter.

Cheer-leaders Phyllis Harrison, Phyllis Widameyer, Rose Marie Devine, Ruth Anderson, David Cox and Conrad Davis, also came in for their share of recognition. Each received a large 'V' for their yelling efforts during the past season.

Cecil McVey is coach of the Virginia basketball team.

Insects winterize by adjusting their metabolism and converting the free water in their bodies to bound water. The latter is a colloidal suspension that will not freeze readily.

Glasgow Child Honored On Her First Birthday

Glasgow.—A gathering of relatives and friends at a potluck dinner Sunday in the home of Mr. and Mrs. LaVern Jones and children was in honor of their daughter Theresa Ann on her first birthday. The young lady received a number of presents from the visitors.

Those attending were Mr. and Mrs. Ernest Newingham and family of Nortonville, Mr. and Mrs. Randall

Killebrew and son Randy, Miss Mary Claire Meehan and Mr. and Mrs. Marvin Tholen of Winchester, Harry Arnold and Miss Nadine Newingham of Jacksonville, Miss Anne Sweet of Franklin, Miss Charlotte Hanley of Roodhouse, Mrs. May Killebrew, Mr. and Mrs. Chas. Jones, Mr. and Mrs. Jesse Sherwin and family and Mr. and Mrs. John L. Sherwin of this community.

Baptist Mission Circle. The Glasgow Baptist Mission circle conducted its March program at the home of Mrs. Jessie Terhune Friday evening, March 25, with 12 members and four guests present. Following the opening hymn, the devotional period was taken up with a playlet entitled "Jubilee, 1899-1949" with the following members taking part: Mrs. Cordelia Ryder Vick, Mrs. Minerva Baxter, Mrs. Veta Sherwin, Mrs. Veta Oswald, Mrs. Florence Young, Mrs. Dessie Lewis, Mrs. Anne Blair, Mrs. Letha Blair, Miss Mildred McEvers, Miss Reba Rider. Roll call was answered by relating an experience happening in March of any past year.

The assigned chapter of "On Our Front Doorstep" was presented by Mrs. Veta Oswald. The Missionary prayer was offered by Miss Mildred McEvers. Refreshments were served by the hostess during the social hour.

Mrs. Ada Blair, who has been spending the winter in the home of her daughter, Mr. and Mrs. H. W. McCullah, in Stroud, Okla., arrived home Friday, being brought home by the McCullahs, who returned home Monday after a weekend visit here with relatives.

Asks Fort Knox For Gold Brick

Fort Knox, Ky., March 28—(AP)—This letter from Floral Park, N. Y., was received today at the Fort Knox public information office:

"Gentlemen: Please send me a gold brick and some material on Fort Knox."

The writer apparently had reference to the gold vault here, where most of the nation's gold bullion is stored.

The writer got some literature on Fort Knox, but no gold bricks.

A Change is in Order...

Change to OIL-PLATING!

QUIET!... Your car will keep its smoothness and power when you OIL-PLATE the engine with Conoco Nth Motor Oil. That's because there's an added ingredient in Conoco Nth that fastens a protective shield of lubricant right to the working parts.

GOES FARTHER!

... because another exclusive additive in sturdy Conoco Nth combats carbon and sludge. Fewer quarts between drains!

BEATS THE HEAT!

... because stalwart Conoco Nth is made from top quality crude. It stands up better under summer heat and hard driving.

REDUCES COST!

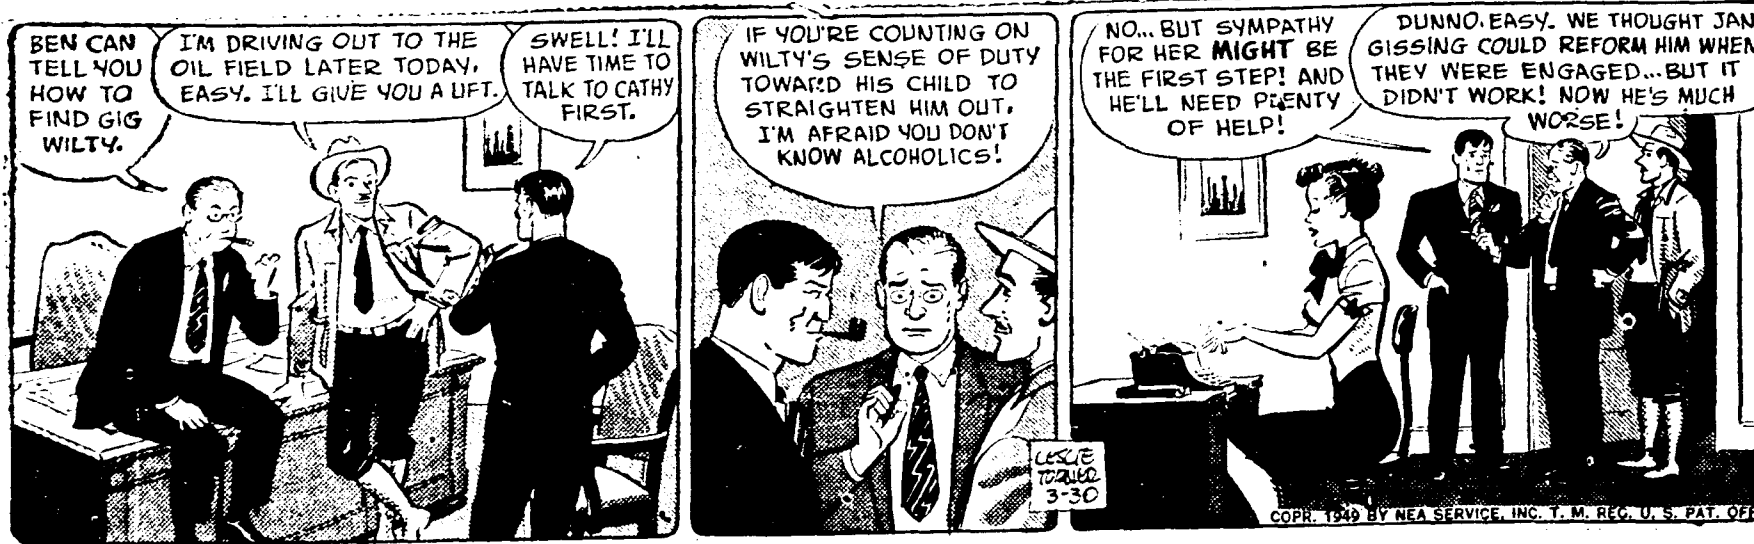

... because Conoco Nth guards your engine from destructive combustion acids. You'll have fewer, smaller repair bills.

Oil-Plate today at your
Conoco Mileage Merchants!

GREYHOUND

NOT HALF-SAFE

BALTIMORE, MD. 1949—Sandra Lane of Baltimore says: "In any kind of weather a half-safe girl gets the cold shoulder! So I make sure I'm always safe, by using a deodorant that kills odor on contact—protects me up to 48 hours. It stops perspiration 1 to 3 days—and it is safe for my skin and clothes."

How about you? Don't be half-safe—be Arrid-safe! Use Arrid to be sure. Try new Arrid with Creamogen. Arrid with Creamogen is guaranteed not to crystallize or dry out in the jar. What's more, if you are not completely convinced that Arrid is in every way the finest cream deodorant you've ever used, just return the jar with the unused portion, and we will refund the entire purchase price plus postage. Our address is on every package.

Get a jar of the new Arrid with Creamogen today—only 39c plus tax.

German Group Keeps Tab On Fate Of Inmates Of Russian Prison Camps

By Karl H. Schwab

Berlin, March 30.—(AP)—"Silence is suicide" is the slogan of the anti-Communist "fighting group against inhumanity" founded last fall in western Berlin.

The group claims that shortly after the war ended, the Russians arrested more Germans than the concentration camps built by the Nazis could hold. It is now trying to find out what happened to these people. Its leader is 34-year-old Dr. Reinhold Hildebrandt, a former prisoner of the Nazi Gestapo. He was arrested during the war on grounds of underground activity against the Nazi regime and spent 17 months in jail.

That is one of the reasons why Dr. Hildebrandt set up the "fighting group against inhumanity."

"I know what it means to be a political prisoner," he says.

"Silence is suicide" Under the slogan "silence is suicide," he arranged several rallies in Berlin last fall at which refugees from Russian concentration camps related their experiences.

The Russian secret police has a long arm and kidnappings of anti-Communists from western Berlin are frequent news in Berlin papers.

Dr. Hildebrandt at first had no intention of founding a "fighting group." But after he heard his rallies, people came and asked him if he could find out what happened to relatives and friends arrested by the Russians.

The "fighting group against inhumanity" receives an average of 100 inquiries a day, half of them by mail. Other people come in person.

Precise Info on File
Precise information on the fate of about 6,000 political prisoners is on file. In most of these cases no relatives or friends could be informed, because it is unknown who and where they are.

1. He (or she) was last seen at concentration camp . . .
2. He (or she) died on or around . . . at . . .

Of the 6,000 prisoners on file, a reporter picked 20 at random. 15 of them were still alive, five were dead. Dr. Hildebrandt claims that shortly after the end of the war the Russians operated 16 concentration camps in their occupation zone.

According to the "fighting group against inhumanity," only two of the original 16 concentration camps are still in operation—Buchenwald and Sachsenhausen.

NEW BERLIN

New Berlin—Mr. and Mrs. A. E. Washburn were guests of Mr. and Mrs. De Witt Montgomery of Springfield Sunday at a dinner honoring De Witt Montgomery, Jr., and Miss Martha Barber of Silver Springs, Md., his fiancée.

Miss Barber will graduate from Bryn Mawr college in June. Mr. Montgomery will receive his degree in June from Haverford college and will then enter the University of Pennsylvania Medical school.

Lee Horn of the U. of I. was at home over the weekend with his parents, Mr. and Mrs. John F. Horn. Mrs. Carl Pfeffer returned home recently following an operation in Memorial hospital in Springfield.

From where I sit... by Joe Marsh

Remember How We Talked?

It went like this at the Hooper's the other night. Hap's eighteen-year-old daughter is talking about a real gone guy—solid—out of this world, but def.

"Now what kind of language is that?" Hap barks. "Can't she speak English?"

"I'll translate it for you," Ma Hooper says, "in the language of the twenties, when you were about twenty years old. She simply means this fellow is the 'cat's whiskers.' Remember how we used to talk sometimes?" Hap went back to reading his newspaper.

From where I sit, it's easy to criticize the other person when we don't take a good long look at ourselves. Sure, there'll always be some differences. I'm fond of a temperate glass of beer and maybe you would prefer ginger ale—but let's just live and let live. Because when we go out of our way to find things to find fault with in others, chances are they can find a few in us, too.
